

Floor HEAT

Make your floor as warm as it is beautiful

- Complete system warranty* – mat and installation materials
- Innovative self-adhesive backing
- Complete product offering – many mat sizes available
- User friendly project layout software – design in seconds!

LATICRETE® Floor HEAT offers the most complete floor warming system available on the market today. LATICRETE Floor HEAT is specially designed for optimal performance when used in conjunction with LATICRETE polymer modified thin-set (e.g. LATICRETE 254 Platinum) and LATICRETE 86 LatiLevel™ installation materials.

LATICRETE Floor HEAT provides trouble-free installations and performance that is guaranteed*. The offering is complete with premium electronic components such as a digital programmable thermostat, triple-insulated heated floor mat and the LATICRETE

Wire Eye™ electric wire fault indicator. Simple to use design layout software allows projects to be created quickly and easily by end users or sellers, and our in-house design group is ready to help with all room specifications and drawings.

LATICRETE Floor HEAT products are ideal for both residential and commercial applications. LATICRETE Floor HEAT is backed by our Lifetime Residential Warranty*, 15 Year Residential Warranty* and our 10 Year System Warranty*.

FEATURES	BENEFITS
A Component of the LATICRETE® Lifetime Residential Warranty, 15 Year Residential Warranty* and 10 Year System Warranty*	Performance backed by LATICRETE means assurance and peace of mind for trouble free installations. *See DataSheets 700.12, 230.14 and 230.12.
Project Layout Software Online or CD	Provides a user friendly design layout tool for homeowners, distributors and contractors.
In-house technical service group and design team	Technical service is only a telephone call away at 800.243.4788 ext. 235 and our in-house design group is available to accept faxed sketches for room layouts at 866.537.4638.
Self-Adhesive Mesh, Tape and Wire System	Allows for easy installation without having to staple or nail near wiring, resulting in less chance for installation problems. Entire product is coated with adhesive to ensure product stays in place during installation.
Wide Range of Sizes Available	The LATICRETE Floor HEAT program offers mat sizes to meet the requirements of almost any floor warming project. The Room-in-a-Box kit provides all of the components necessary to install floor warming and is available in our most popular size mats.
Complete System Offering	More than just a heated mat, system provides for optimal heat transfer when combined with LATICRETE installation materials. LATICRETE is the first floor warming provider to offer a complete system including setting materials.
Safe, Reliable and Energy Efficient	This heating element is Recognized by Underwriters Laboratories Inc. Representative samples of this component have been evaluated by UL and meet applicable UL requirements. LATICRETE Floor Warming Thermostat is manufactured to conserve energy and reduce operating costs.
Brand Recognition	Buy from the name you trust. LATICRETE has been an innovator in the tile and stone industry for over 50 years.
Single Source — LATICRETE Floor HEAT Ships Easily with other LATICRETE Materials	As a distributor, LATICRETE Floor HEAT floor warming allows for the ability to reduce your number of suppliers. Order your floor warming products with all of our other great products.
Low Profile	Crush-resistant mesh provides for undetectable installation under tile and stone.

Room layout design tool available at www.laticrete.com/fw or fax drawings to 866.537.4638.
